A ONE-TIME site visit will be conducted for this project on **08 September 2010 at 1000**. Contractors are to meet at the ROICC Office, Cherry Point. Your proposal will be reviewed and evaluated based on price and past performance. You will be contacted to discuss minor clarifications or questions concerning your proposal and to establish a specific time if negotiations are conducted. We intend to evaluate proposals and issue a task order without discussions (except communications conducted for the purpose of minor clarification). Therefore, each initial offer should contain the offeror's best terms from a price standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary.

The Contract Completion Date (CCD) is 240 calendar days.
Incorporate the attached Specification and Drawings into the project/contract.
Liquidated Damages will be \$200.00 a day.

You may contact the ROICC at (252) 466-5930 to inspect site conditions, review available as-built drawings (if applicable), or inquire about other on-site technical details. Any changes to the scope of work or technical specifications will be effected on a Standard Form (SF) 30.

This request does not constitute notice to proceed nor shall it be considered as a commitment on the part of the Government. Any costs incurred prior to issuance of a task order cannot be reimbursed. Costs of such nature are considered to be for the benefit of the Contractor and are incurred at his discretion. The successful offeror will be issued a task order, which will take the form of Department of Defense (DD) Form 1155, under their contract as set forth in FAC 5252.216-9306, Procedures for Issuing Orders (NOV 1998). Direction to proceed for each task order issued will be provided upon receipt and approval of an acceptable performance bond and payment bond under each task order.
